

Trip Hughes Photography
Digital Photography 101

When: Tuesday nights from 6:30 to 8:15 (November 2, 9, 16, 30, December 7)

Where: FCS Computer Lab (meet in the front lobby)

How Much: \$175 per student

Who: Parents, Alumni, Faculty, and students (Juniors and Seniors only). Beginners and Advanced are both welcome.

Supplies needed: A digital camera (SLR is recommended but not required), a portable storage device (jump or thumb drive)

Course Description:

Come and join Trip Hughes for five nights as he teaches how to get more from your camera. Many people buy digital cameras and only use one automatic function, this class will give you the knowledge and creativity to fully utilize your camera. Students will learn: The basics of camera operations, Creative approaches, Adjustments for lighting problems, Basic image editing and Photoshop, and much more.

Results: By the end of these classes you will be able to take pictures with more confidence, and leave the class with your own (created from scratch) Christmas card (or Greeting /Announcement Card), easily printed at any photo store.

How to Register: email your name and contact information to Trip Hughes
trip@triphughes.com

Payment must be turned in prior to the first class, make checks payable to

Claude Hughes III

You may turn in payment to the HS office, in an envelop with your name and Trip Hughes
Photography on the outside

Due to the room size, the class is limited to 19 students
